

9th February, 1989.

to Mr. Gordon Mawhinney.

Dear Mr. Mawhinney,

During the period of Lent a series of Bible Study Groups will be held throughout the Province to study and relate Biblical Principles to the situation in Northern Ireland.

At the first meeting of one such group representing the main denominations in Bangor, members looked at the topics of 'Love' and 'Forgiveness' and agreed that we must all be prepared to do something practical in order to progress towards peace and normality in the Province.

As a first step we strongly feel that we wish to commend you for taking part in the recent Duisburg discussions and append our signatures beneath.

We would urge you to continue this dialogue in the interests of our Province and assure you that we support what you are trying to do. We think that there are many others who feel the same way.
