

Mitchell's notes.

Principle problem remains unresolved.

UUP. Important steps made - central issue still to be resolved.

Met at 9 p.m. → 9.30 p.m.

Supportive of doing this again - away from other pressures.

S.F. Agree but reservations. ① Don't have much time

② Requires consistency of focus

Big issue remains unresolved.

Mitchell - Paper circulated - raises meeting to new level of intensity + completion

CONCERNS

over legislative safeguards.

SDLP -

no reference to International Commission.

no collective undertaking in Mitchell's paper

UUP.

- Have to get this resolved permanently - no returning to it. Executive would not function.
More legalistic - less likely the belief that it is going to work
Need to look at down side - but not in context of emphasizing this.

SF. → For any institution to be delayed until another part is delivered is not going to lead

UDP. the Agreement to be implemented.

No commonality of interpretation of what was meant by decommissioning issue.

Back now to unfinished business.

Mitchell
Agrees with establishment of an Implementation
Committee.
