

Mentions moving the economy forward - not a dependency economy - not just inward investment - approval of Ken Brown speech. General perception of individual entrepreneurs // large corporation - that proposals for development of community business - where ordinary people are creating jobs as being within that area panel.

Joint approach to European Structural Funds. - How?
Ireland with market + economy.

* Belfast / Dublin economic corridor

[Chris Patten]

Community Business | 60% of GDP is government spending.

* Speak of Community involvement - follow up approach.

Enterprise of Communities
