

THE KETCHUM KEYSTONE

SATURDAY, JULY 29, 1889

YESTERDAY'S New York quotations—Silver, 91; Lead, \$3 85.

A FRESH shipment of new apples received yesterday at the Postoffice Fruit Store—only \$1.50 per box.

FOUND—A bunch of keys. The owner can have the same by calling at this office, proving property and paying for this notice.

MESSELY, the barber, has moved from the place he formerly occupied in the Clobey bank building, and has refitted the shop next door to the Cornucopia restaurant. He will soon have a nice bath room in connection with his barber shop.

AYER'S Hair Vigor has long held the first place, as a hair-dressing, in the estimation of the public. Ladies find that this preparation gives a beautiful gloss to the hair, and gentlemen use it to prevent baldness and cure humors in the scalp.

A. ADAMS' sawmill up Adams' gulch, is kept constantly busy these days turning out building material. Mr. Adams has engaged M. H. Rogers, an experienced sawmill man, to take charge of his mill, and soon his yard will be stocked with the choicest lumber of every description.

PETER QUIGLEY, who has a ranch near Bellevue, makes frequent visits to Ketchum, his former place of residence. Mr. Quigley brings with him some very choice vegetables, raised on his ranch. He says there are many complaints in regard to the misappropriation of water in his neighborhood. That parties having places above him are playing a "hogging" game with the water, and that he, with others, are subjected to a good deal of inconvenience on account of not getting an adequate supply of water for the purposes of irrigation.

PROXY McMAHON left Ketchum yesterday to resume his interrupted labors at the constitutional convention. His "proxy" constituency have wondered why he has been absent from his post almost all the time the convention has been in session. He was appointed as one of the committee on labor. Perhaps he has employed his time during his leave of absence in collecting statistics on the labor question, to enable him to make a fifteen-minute speech, under the rule of limitation, when he returns to his seat in that august body.

THE Verdict Unanimous. W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing." Abraham Hare, druggist, Bellevue, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Steward Bros. Drug Store.

Small Fruits. Now that Ketchum is provided with plenty of water, doubtless next season will see many gardens planted and especial attention paid to the cultivation of small fruits. It is a fact fully demonstrated that strawberries, gooseberries, raspberries, currants and blackberries can be grown and ripened here in the greatest perfection. If any one doubts this, let them pay a visit to the garden of J. W. Benson and be convinced that the growing of small fruits is no longer an experiment, but an assured success. We were shown as fine specimens of English gooseberries from Mr. Benson's garden as could be raised anywhere, and his raspberries and blackberries are equally fine.

GUYER Hot Springs. The KEYSTONE was in error last week in stating that F. R. Coffin's family, of Boise City, were domiciled at the Guyer Hot Springs. The party, numbering seven members, applied for rooms at that place, but owing to the crowded condition of the establishment, could not obtain them, and were reluctantly obliged to go to the Hailey Hot Springs. This season's experience has proven conclusively that more rooms are an absolute necessity at the Guyer Hot Springs, and that under the present popular management, at least, a good large hotel would pay well. The following is a partial list of the visitors at the springs during the week: Alexander Majors, Kansas City; A. L. New, register of the land office, Evanston, Wyoming, and E. S. Crocker, an extensive stock owner of the same place. General J. B. Winstead, M. H. Jacobs, Mr. and Mrs. Harvey, and Mr. and Mrs. Rhinebold, of Hailey; Norman Davidson and wife, and Miss Cliff Howard, of Shoshone; Rev. C. J. Goddard and wife, of Malad City, Idaho; Mr. and Mrs. Wm. Kruse, Mr. Ringold and a party of seven ladies from Bellevue.

Bucklen's Arnica Salve. The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Letter, Chapped Hands, Chilblains, Corns, and all skin eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Steward Bros.

Try a "schooner" of Salt Lake leg beer; you can get it at Jerome's.

MINING NOTES.

THE HUB MINE. The sale of the Hub mine, situated in Era mining district, was consummated last week through Alexander Majors, of Kansas City, assisted by General J. B. Winters, of Hailey, and our townsman, W. H. Greenhow. The amount of purchase money to be paid for the property is \$90,000, of which \$50,000 was paid on the 13th inst., and the balance, \$40,000, is to be paid in installments of \$20,000 each. The principal parties interested in this purchase are A. L. New and E. S. Crocker, of Evanston, Wyoming. The Hub mine is no doubt one of the very best mining properties in Idaho and there is every reason to believe it will prove a good investment of their money. A stock company will be incorporated under the laws of the Territory of Wyoming and active operations at the mine will be commenced immediately. The construction of a 40-stamp mill is contemplated and we understand that parties are now in Denver negotiating for the machinery of the mill and also for heavier hoisting works for the mine. The Bannock mill at Era has been leased by the new company until their own mill shall have been completed. The mill has a capacity of 700 tons per month and the lessees have agreed to keep it running constantly.

Eleven tons of high-grade ore was received during the week from the Livingston mine, situated on Slate creek, about fourteen miles from Clayton. The ore was assigned to J. F. Jacobs, of Ketchum, with orders to ship the same to Denver, Colorado. Last season a carload of ore from the above named mine was shipped to Denver which netted its owners, after paying all expenses, \$100 per ton.

Jim Woods' pack train brought to the Ketchum sampler this week 10,000 pounds of ore from the Mountain King mine, at Sheep Mountain district. We have not been able to find out what the ore sampled.

There is a rumor afloat that some good placer ground has been discovered and located on the head waters of the South Boise river, about eight or ten miles from Vienna.

Several carloads of second-class ore from the Silver King mine was shipped from Ketchum the past week. Freight teams are kept busy hauling ore from this mine.

Another shipment of 10,000 pounds of ore from the Star of Hope mine was received at the Ketchum sampler last Tuesday.

Pearson's pack train has been packing ore from the Warrior mine on Warm Springs creek to the sampler during the week.

North Fork Hilarity Club. This noted Club held its annual meeting Wednesday evening and elected the following named officers and committee men to serve for the ensuing year, viz: Mans Coffin, president; George Stewart, corresponding secretary; Jerome F. Jacobs, superintendent of commissary department; E. B. Williams and I. H. Bowman, committee on seltzer aperient, syrup of figs, nick-nacks, etc. The members of the club will leave to-day for their first excursion of the season to their familiar hunting grounds on the north fork of Wood river and adjacent mountains. Some of the members of the Hilarity Club have requested the KEYSTONE to state that they will have an abundance of game, such as grouse, sage hens, fool hens, etc., when they return, which they will be happy to divide among their friends. They also desire it to be distinctly understood that no camp followers will be allowed. A sentry will stand guard over the liquids and solids, and any one attempting to commit depredations similar to those perpetrated at their last outing will be escorted out of camp by the most scientific kicker of the club.

Annual Convention of the W. C. T. U. The third annual convention of the W. C. T. U. of Idaho will convene at Boise City, August 30 and 31 and September 1 and 2. The convention will meet in the M. E. Church. All delegates are expected to be in Boise City by the 29th of August. Every Union is entitled to four delegates and one additional for every twenty members. Delegates will be entertained by the ladies of Boise City. The railroad will give us half rates for all delegates, and also for visitors who will visit Boise City during the convention; return tickets—good only when accompanied by a certificate from our corresponding secretary—will be valid for two weeks. We extend a kind invitation to other temperance organizations, Good Templars, Blue Ribbon Clubs, and all others who love the cause of Christ. All delegates are requested to wear our badge, the white ribbon.

MRS. HENRIETTA SKELTON, President.

Mrs. McGEE, Corr. Secretary.

Advice to Mothers. Mrs. WINSLOW'S SOOTHING SYRUP for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c. a bottle.

ST. MARY'S ACADEMY.

After ten days' examination in the English branches, music and the languages, at that deservedly popular educational institution, St. Mary's Academy, Salt Lake City, the annual commencement exercises took place on June 20th and 21st. The school is under the management of the Sisters of the Holy Cross, and the proficiency shown by the young ladies in all the branches of the wide range of studies, and in music, both vocal and instrumental, are conclusive evidence that this band of faithful, thorough and pains-taking teachers have been as unremitting in their efforts during the year just closed, as in those that have gone before. In the line of art work there were some wonderful productions exhibited in the Sister's art studio, the work of the pupils, and consisted of a display of artistic work in crayon, pastel, water, pencil and India ink; also in china and general table ware painting and decoration. The painting on china and mole skin was remarkable, and, indeed, the character of the entire collection speaks volumes for the high order of instruction given by the talented Sisters.

Wm. Harris and wife have gone to Clayton to remain there during the summer. They will return to Ketchum in the fall. A. W. Comstock, of the firm of Comstock, Clark & Co., returned on Wednesday from a business trip to Clayton and Bayhore. Thomas Ross, of the Star of Hope mine, Lost River, was in town last Wednesday and Thursday procuring supplies for the mine.

H. L. Dickinson and wife, who have been paying a pleasant visit among friends in Ketchum, returned yesterday to their home at Clayton.

Rev. C. J. Goddard, pastor of the Presbyterian Church at Malad City, Oneida county, accompanied by his wife, was on a visit to Ketchum last Tuesday.

Judge E. B. Lemmon and L. Wertheimer, of Hailey, and E. T. Neibling and A. F. Gartner, insurance adjusters, were visiting Ketchum yesterday.

H. M. Stewart and W. H. Pettit left Ketchum on Thursday for Clayton on their business trip.

Simon Valle, who has been engaged for some time as harness maker for the Ketchum Fast Freight Line, left last Monday for Bellevue where he will enter into the same business with N. G. Larsen.

W. H. Greenhow, accompanied by Alex. Majors, of Kansas City, left Ketchum last Monday for Era to take possession of the Hub mine which was recently purchased by Evanston, Wyoming, parties.

Mrs. W. E. Peck and children left on Thursday for Auburn, California, where they expect to permanently reside. Mr. Peck will remain in Ketchum a short time when he will also depart for California.

Eugene Howe, one of the lessees of the Niagara mine at Boyle mountain, was in town last Tuesday. Mr. Howe informs us that the fine development recently made in the Sunday mine at that place, is still holding out exceedingly well.

George M. Metzler left Ketchum on Thursday for Iowa. Mr. Metzler received a telegram on Wednesday night conveying the sad intelligence that his father was very sick and not expected to live, hence Mr. Metzler's sudden departure for the east.

PERSONALS.

Lyttleton Price, of Hailey spent Tuesday in Ketchum on professional business.

Major Wm. Hyndman returned last Wednesday from a business visit to Omaha.

C. J. Sherry, one of the sufferers by the Hailey fire, was visiting Ketchum on Thursday.

Milt Mourning, of Boyle mountain, was on a visit to Ketchum last Monday and Tuesday.

A. Van Meter, agent for the Geneva Nursery, New York, has been spending the week in town.

Mrs. Edith Wedikind, of Pocatello, is visiting her mother, Mrs. T. T. Huntington, of Ketchum.

William Kruse and wife, of Bellevue, was visiting Ketchum and the Guyer Hot Springs last Tuesday.

William James, shift foreman at the North Star mine on East Fork, spent a couple days in town during the week.

Lem. Colbath, a mining expert from Salt Lake City, has been taking a look at the old Galena mining camp.

Wm. Harris and wife have gone to Clayton to remain there during the summer. They will return to Ketchum in the fall.

A. W. Comstock, of the firm of Comstock, Clark & Co., returned on Wednesday from a business trip to Clayton and Bayhore.

Thomas Ross, of the Star of Hope mine, Lost River, was in town last Wednesday and Thursday procuring supplies for the mine.

H. L. Dickinson and wife, who have been paying a pleasant visit among friends in Ketchum, returned yesterday to their home at Clayton.

Rev. C. J. Goddard, pastor of the Presbyterian Church at Malad City, Oneida county, accompanied by his wife, was on a visit to Ketchum last Tuesday.

Judge E. B. Lemmon and L. Wertheimer, of Hailey, and E. T. Neibling and A. F. Gartner, insurance adjusters, were visiting Ketchum yesterday.

H. M. Stewart and W. H. Pettit left Ketchum on Thursday for Clayton on their business trip.

Simon Valle, who has been engaged for some time as harness maker for the Ketchum Fast Freight Line, left last Monday for Bellevue where he will enter into the same business with N. G. Larsen.

W. H. Greenhow, accompanied by Alex. Majors, of Kansas City, left Ketchum last Monday for Era to take possession of the Hub mine which was recently purchased by Evanston, Wyoming, parties.

Mrs. W. E. Peck and children left on Thursday for Auburn, California, where they expect to permanently reside. Mr. Peck will remain in Ketchum a short time when he will also depart for California.

Eugene Howe, one of the lessees of the Niagara mine at Boyle mountain, was in town last Tuesday. Mr. Howe informs us that the fine development recently made in the Sunday mine at that place, is still holding out exceedingly well.

George M. Metzler left Ketchum on Thursday for Iowa. Mr. Metzler received a telegram on Wednesday night conveying the sad intelligence that his father was very sick and not expected to live, hence Mr. Metzler's sudden departure for the east.

John Trewick, manager of the Dickens-Custer Mining Company, and John Donovan, the timber contractor for the same company, arrived from Salt Lake City last Tuesday. They left the following day en route for Custer by private conveyance.

M. S. Thompson, of Salt Lake City, arrived in Ketchum on Thursday. Mr. Thompson left yesterday for Sawtooth to look after the Diamond Prince mine in the interest of Sam Ewing, proprietor of the Cullen Hotel at Salt Lake, who is one of the owners of the Prince.

A Woman's Discovery. "Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle she was miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Steward Bros. Drug Store.

IDAHO NEWS.

Caldwell Tribune: The great "non-partisan" constitutional convention got down to solid work today, and may be expected to expedite business from now on. It is composed, politically, of thirty-three democrats and thirty-nine republicans, of whom there are now present twenty-nine democrats and thirty-eight republicans. As the call provided for a "non-partisan" convention, the republican majority magnanimously created and conceded to the democrats an office (vice-president), such an office as has never before been heard of in a body of this character, and then calmly filled the remaining offices, nine in all, from secretary to page, with republicans. Great is the republican party; but greater still is the sublimity of their non-partisanship!—Rumors of schemes are numerous, and the latest is that the governor will re-convene the present legislature some time after the vote on the constitution (providing it is accepted) and elect two U. S. Senators. While it may be necessary for the republicans to do this in order to secure the two Senators, it is hoped, for humanity's sake, that the governor will forbear. Let the Fifteenth Idaho Legislature sleep in the oblivion it so assiduously prepared for itself and so richly deserves—and damned be he who would be responsible for its resurrection.

Democrat: We are informed by Gen. Straughan that he has awarded contracts for Idaho's \$5,000 appropriation of last fiscal year's appropriation, which will be expended entirely in Long Valley, and in the upper Big Lost River and Antelope Basin country. Final action at Washington has not yet been taken upon the Long Valley contract but the deputy surveyor who has the other work will soon begin operations.

Pocatello Herald: Judge Berry in court at Blackfoot, on Tuesday, sentenced Harry McKay, robbery, four years in the penitentiary; R. M. Peters, burglary, two years; Thos. Womack, assault with deadly weapon, thirteen months; Thomas Ryan, assault, three months in the county jail.

Register: Mr. A. D. Foote, with his surveying party, arrived in town on Sunday, having come across the desert with teams from Boise City. He will make Eagle Rock headquarters for some time and will take the measurement of the river, and make preliminary surveys for canals, showing the amount of land that can be watered from different points. He expressed himself very much pleased with the country, and says he will show the senate committee on irrigation that Idaho has more good agricultural land and more water to irrigate it with than any other territory.

Bulletin: Chas. W. Miller, superintendent of the Tahoma mine and mill at Atlanta, visited the Bar on Wednesday. Mr. Miller is highly elated over the returns from the last run of the mill—it being better than any heretofore. Twenty new stamps are expected to arrive by the middle of August, which will make the Tahoma mill of 30-stamp capacity. The Buffalo Company has commenced work in its mine and as soon as the new Frue vanners arrive the mill will be again set in motion. The Monarch mill will soon be in readiness for steam, and it will be but a short time before things will assume an old-time aspect in and around the beautiful town of Atlanta.

Messenger: Work on the Slate creek and Bonanza wagon road is being pushed at a rapid rate. This is the road that a few weeks ago was protested against by some of the leading citizens of Challis, on account of appropriating county funds for the purpose of constructing said road. We learn that the road is now being built by the Clayton M. Co., the Dickens-Custer and by private subscription. John Pilmer, the contractor, expects to have the road completed and in good traveling condition by September. At present about forty men are at work building it.

The season when it is lawful to kill grouse, sage hens, etc., began last Monday, the 15th inst. The sportsmen had their accoutrements all in order, and early Monday morning several parties started out to capture the first grouse of the season. Feathered game seems to be very abundant, and is in prime condition. A great many grouse and sage hens have been brought in and sold at reasonable prices. Some people are prejudiced against sage hens, and think that it is impossible to rid them of their sazezy flavor. But if the birds are drawn as soon as shot, and the cook is careful to skin them instead of picking the feathers off and after careful washings, pour a table-spoonful of vinegar in each one, and let them lie on ice or in a cool place for several hours before cooking, they will prove delicate enough to suit the most fastidious palate.

Boise City has a plethora of conventions this year. First and foremost is the constitutional convention now in session. Next comes the annual convention of the Idaho Press Association, which will convene in that city on the 22d inst. Lastly, the annual convention of Woman's Christian Temperance Union has been called to meet in Boise the 30th and 31st of August and the 1st and 2d of September.

MISCELLANEOUS.
