Law of National Guarantees / self determination

↳ link suggestion (para 2 after 'given')

"according to Northern Ireland's Statutory Guarantees which the British Government [the Prime Minister] hereby reaffirms."

* finds central to pm - law to take his mind.

(If 42 awarded) law 4.

mm This is central to the issue. The state general principle, then look at with words of free existing const. pr. mm parts from law part work of residual self det. mm "by agreement between the two parts" (respectively)

mm say establish self-det as pre-existing or derived

~~QST~~ QST Law of National Guarantees is early in 24 at beginning of section of the ~~text~~ "British Government reaffirms Northern Ireland's Statutory Constitutional Guarantees"

mm say text in 22. Psychological mistake in 24, which reaches some of the text.

Conclusion - in 22, or 24.

mm if 24, case back with that thoughts, text. For beginning of 24

Process of reaching agreement - diff for this. Agreed try "acknowledgment"
