Dr John Alderdice,
Alliance Party of Northern Ireland,
88 University Street, Belfast 7.

Lea A. Alderdice

If my information is correct and if you have agreed that Haughey will unstage Molyneaux and Paisley, refusing to sit under either's chairmanship at Belfast, then you will lose the support of my family and myself.

I have no time whatever for Paisley, but much less for Haughey who should, in my opinion, have been put behind bars many years ago, and kept there for the rest of his unnatural life. Certainly a long spoon will be required for anyone asked to sup with Haughey. I am sure in your heart of hearts you share my opinion of that dishonourable and discredited character. I was in Dublin on V.E. night. So was Haughey. Do you remember what he did that night? You are not old enough, of course, but I am, being the same age. I think your grandfather would share my views.

Yours sincerely,

Dr P.J. Ward.
