CORK  
1991

15th June 1991

Dear Dr. Alderdice,

The members of the Methodist Conference meeting in Cork wish to assure you of their prayers as you and your Party join with the other Parties in the 'Brooke talks'. The Conference passed the following resolution:-

The Conference "assures all those who will be involved in these political discussions of its prayers and good wishes that God will guide them to a successful outcome".

The Conference also encourages all those involved in the process to persevere with the political initiative in order to bring peace and stability to this land.

Yours sincerely,

*Edmund T. I. Mawhinney*
