

Submission by the Alliance Party to the Round Table Talks,
1st July 1999

We believe in the establishment of an all-inclusive Executive with full legislative and executive authority as soon as possible.

Decommissioning must be completed by May 2000, as per the Good Friday Agreement.

Decommissioning is a process which must commence as soon as possible and be verifiable under the auspices of the Independent International Commission on Decommissioning (see attached).

Commitments and safeguards concerning the above must be clear, unambiguous and enforceable.

It is crucial that any agreement has the collective responsibility and ownership of all the pro-Agreement parties.
