Dr Brian Mawhinney  
Parliamentary Under Secretary of State  
Department of Education  
Rathgael  
BANGOR  
Co Down

You may recall that at a meeting with the Secretary of State, and yourself and a number of others, I mentioned the fact that we were in the process of producing a document on the Future Government of Northern Ireland.

That document is now complete and will be discussed at Party Council on Saturday coming (17 September 1988).

I would appreciate an opportunity to discuss the contents of this paper with you in the near future, and have mentioned the matter to John McConnell. I trust that we can make a suitable arrangement in the near future.

Best wishes.

Dr John T Alderdice
