

Are you happy with the lack of political stability in Northern Ireland?
Are you content to see worsening social chaos and chronic economic deterioration in our province? Do you get exasperated with the politicians who will not take responsibility for getting us out of the mess we are in?

The Alliance Party, which represents more than 10% of the people of Northern Ireland, has been working for nearly 20 years to bring about a better future for our people. During that time the party members have not only worked hard on the ground, they have also raised over £1,000,000 to finance the party's work. But the success of the partieslack of resources.

As the new Party Leader I am writing to ask you to invest in the future of our province by giving financial support to Alliance. I enclose a Brochure which gives details of the Alliance Development Fund. If you would like any further details, or a personal chat with one of my colleagues please contact me at the above number.

No one can do a job without the resources - give us the tools and we will get on with the job.
