MESSAGE:

Dear John,

It has just been brought to my attention (by Peter Osborne) that the photograph that we used on the front cover of our latest CRC Newsletter originally included you.

My enquiries reveal that your omission was due to a mixture of haste, page size, and above all thoughtlessness. Please accept my sincere apologies for this omission. Considering that I am of the significance of your work, I am fully aware that you should have been included, and sincerely regret that this has happened.

With best wishes for your continuing work.

MARI FITZDUFF
