

Dr Health

16th June 1995

Mr M Ancram M.P.  
Minister for Education  
Balloo House  
Rathgael Road  
Bangor  
Co. Down

You will recall that at our meeting on political development last week I raised with you the possibility of a major television and advertising campaign against the use of illicit drugs. It is clear that many parents do not appreciate the tell-tale signs and many young people do not grasp the dangers of illicit drug use. I think there is a strong case for such a campaign now before things get out of hand, rather than belated efforts whose impact might well be less.

Yours sincerely

Dr John T Alderdice  
PARTY LEADER
