

The Rt. Hon. James Molyneux, M.P.  
LEADER - THE ULSTER UNIONIST PARTY

House of Commons,  
London, SW1A 0AA.

Every right thinking citizen desires peace.

Given the complexity of the so-called Framework Documents which have taken two years to draft, it is clear that consultations thereon will extend beyond the lifetime of the present Parliament. There is therefore an urgent need for a Peace Initiative.

Her Majesty's Government must now establish a group, chaired by the Security Minister, Sir John Wheeler, consisting of the Chief Constable, the GOC, and the security spokesmen of the constitutional parties, to accelerate terrorist disarmament and eradicate those forms of terrorism which have actually increased during the past six months.
