MARINE NEWS.

The founder, manager, clerk and general factotum of a Cheyenne collection agency recently undertook to convert into cash for a Sixteenth street merchant a \$4 clam against a citizen.

One of the handsomest and most accomplished young ladies of this city, a dashing brunette with fairly good financial prospects, has declared publicly that Cheyenne does not contain a man worthy to be her husband.

A Cheyenne man who recently spent a day at Manitou, says that at the Colorado Spa the biblical assertion that "all men are liars," is substantiated beyond the cavil of a doubt.

A man of very impressive demeanor, dignity that does not repel, pleasing presence, natural gravity that cannot descend to levity, but which allows the man to make himself agreeable to all, earnestness which cannot be suspected of affectation, snow white hair and whiskers surrounding a handsome, intelligent face of delicate features made more attractive by bright eyes, heavy, erect frame, broad shoulders and a happy faculty of saying the right thing at the right time and saying it well.

Louis J. Palmer of Sweetwater, is the boy constitution maker. He is the son of that sturdy old Democratic leader of Illinois, ex-Governor Palmer, but never evinces a desire to pose as the son of his father.

M. McCandlish of Johnson is manager at Buffalo of C. P. Organ's hardware house. He is called "John" here, where he resided several years.

Ex-Governor Hoyt of Albany is a profound man of the convention. He is really learned and looks deeply erudite.

The tallest man engaged in the good work in progress at the capitol is Grant of Albany, who is territorial auditor.

Four cars of lumber for use in perfecting the water system were received yesterday morning. If all of this material passes inspection there will be enough to complete the work, and O'Brien & Lawler will earn some bonus.

Dr. Birney, the nose and throat specialist will be at the Hotel Normandy on Monday, September 9, and will remain several months, practically locating here.

APRECIATE THE LEADER. Each member of the convention found on his desk yesterday morning a copy of THE LEADER, and along with the paper a note from the managing editor to the effect that THE LEADER would be presented gratis to each delegate during the convention.

THE EXTRA SHOPS.

Bids for Their Construction Will be Opened Thursday.

There can no longer be any possible doubt about the continuation of Union Pacific shop construction here this year.

Work on the additional buildings heretofore described in THE LEADER will certainly be commenced within three weeks at most.

The extra structures include a car repair shop 79x200, coal chutes, coal trestles and water tanks. Estimates place the cost of these buildings at \$65,000.

Chief Engineer Bogue of the Union Pacific office yesterday morning instructed one of his subordinates at this point to request Contractor M. P. Keeffe to hasten to Omaha to figure on the extra buildings.

"Bids must be in by Thursday," was the precise language of the telegram shown a LEADER reporter at noon yesterday.

Mr. Keeffe is in the East and had not been located at a late hour last night.

The work of building shops here will go on till the central plant of the Union Pacific system is finished and employing several thousand men. The general shops of the company have been located here and their construction will be pushed.

As everyone perhaps knows the shop contract between the Union Pacific and the city stipulates expressly that only the buildings now partly completed are to be constructed this year.

English As She Is Wrote." [Cheyenne Sun.] The adoption of woman suffrage will probably not be adopted by any direct provision in the constitution.

A Beautiful Painting. Mrs. Scott Davis, who is sojourning at Soda Springs, Idaho, has sent to Cheyenne friends an oil painting a picture of the bridge spanning the Kentucky river.

Should be Heard. [Eugene Field in Chicago News.] Wyoming clamors for admission to our glorious union of states, and we think that she should be heard and answered in the affirmative.

Cholera in Michigan.

Dr. F. D. Lark, of Rogers City, Michigan, says the epidemic of last year in Presque Isle county, in which so many persons lost their lives, was cholera dysentery instead of cholera as first reported.

He used Chamberlain's Colic, Cholera and Diarrhoea Remedy and says it succeeded, where all other remedies failed. Not a single case was lost, in which it was used.

This Remedy is the most reliable and the most successful medicine known for cholera morbus, dysentery, diarrhoea and bloody flux.
